on the _____ day of _____, 19____, that said

notice was published in the regular and entire issue of every number

of the paper during the period and times of publication, and the same

was published in the newspaper proper and not in any supplement.

Linda Martin

Subscribed and sworn to before me this 4 day of

February, 1988.

Susan Davis

Notary Public

My commission expires Oct. 17, 1991.

Notice of Tentative Approval No. M/043/004

In the matter of tentative approval of the mining and reclamation plan submitted by Utelite Corporation, Summit County.

The State of Utah to all operators, takers of production, mineral and royalty owners, and particularly all persons interested in Sections 5 and 8, Township 1 South, Range 5 East, SLBM, Summit County, Utah.

Notice is hereby given that tentative approval was given by the Division of Oil, Gas and Mining on January 15, 1988, to Utelite Corporation to continue surface mining operations in the SE 1/4 of Section 5 and the N 1/2 of Section 8, Township 1 South, Range 5 East, SLBM, Summit County, Utah.

The name of the mining operation is Utelite Mine, and the person representing the company is Carsten N. Mortensen, General Manager, P.O. Box 387, Coalville, Utah 84017.

Utelite Corporation has fulfilled obligations under the Utah Mined Land Reclamation Act of 1975 (Section 40-8, UCA, 1953, as amended) with specific reference to Section 40-8-13 and will employ the following mining and reclamation techniques on approximately 36 acres of private land.

During operations-shale will be mined with a dozer and conveyed to the kilns where it is processed into rock aggregate. Stripped overburden will be recontoured and seeded with native vegetative species. The stream channel on site will be ripped and seeded as necessary to control erosion.

Following operations - the pit, access road, and usable buildings are proposed for use as a Summit County landfill when the site is completely mined out. Unusable plat facilities will be removed or buried on site. The fill material will be laid back out of the stream channel, recontoured and the adjacent road moved further up slope. All areas not used for the landfill will be ripped and seeded.

Any person or agency aggrieved by this tentative decision is hereby requested to submit written protest within thirty (30) days of the date of publication to the Division of Oil, Gas and Mining, 355 West North Temple, 3 Triad Center, Suite 350, Salt Lake City Utah 84180-1203, setting forth factual reasons for his or her complaint, and thereafter, at a time and place to be established, appear before the Board of Oil, Gas and Mining to show cause, if any, why this mine plan should not be approved.

Dated this 22nd day of January, 1988.

Published in the Park Record Feb. 4, 1988.
